Lucas Thomas’s grandmother Caroline returns every Valentine’s Day to the station where, at their then first wedding anniversary, she waved off to the Pacific war theatre in 1944. Naval pilot Neil, officially is still missing in action. Lucas, a former baseball star and reputable physiotherapist about to publish, tells the story to a station manager, who assigns the item to Susan Allison. She gets involved and befriends Caroline, but resists her crush on Lucas on account of an already soulless engagement with international reporter Andrew Hawthorne. Caroline’s mild cardiac crisis seems to ruin everything.

Valentine’s Day
February 14, 2022

The Sweetest Rewards
To laugh often;
To win the respect of intelligent people and the affection of children;
To appreciate beauty;
To find the best in others;
To leave the world a bit better whether by a healthy child, a garden patch or a redeemed social condition;
To know even one life has breathed easier because you have lived. This is to have succeeded.
